WAINWRIGHT, ALBERTA, WEDNESDAY, DECEMBER 11 1912.

NUMBER 10

LALLY WINS MAYORALTY BY SUBSTANTIAL MAJORITY

Out of 110 Votes Ex-Councillor
Lally Secured
Sixty
A VERY KEEN CONTEST
Large Number of Ladies Turned
Out and Recorded their
Votes

"The keenest, cleanest and most exciting contest in the town's history," was the manner in which Monday's race for mayor was spoken of, when, shortly after 7 o'clock, Returning Officer, Kenny declared Ex-Councillor Lally elected by a majority of ten votes. Mr. J. H. Dawson, the defeated candidate, has nothing to be ashamed of, for out of one hundred and ten votes he secured fifty, while his opponent was given but ten more. The majority, however, is looked upon as substantial, in light of so few voters being available, which fact can largely be credited to the mixup as a result of single taxation.

CLASH FIGHT THROUGHOUT
During the day, supporters of both candidates worked with untiring effort to bring out the ratapayers and a noticeable feature of the contest was the clean manner in which it was carried on. Dawson supporters mingled with Lally backers, both claiming victory until the town hall was cleared at 7 o'clock for the final and official count.

BETS AT A PREMIUM
Betting was not in evidence in many instances, although Dawson supporters living out offers of as high as five to one on their man. These remained quivered and, until the result was announced, few on either side imagined that the contest would go as it did. The large number of Dawson voters who were brought to the polls after six o'clock were looked upon as those who would win the day.

NO SPOILED ONE HUNDRED
Out of the one hundred and ten votes polled, not one ballot was spoiled, which speaks well for the intelligence of Wainwright ratapayers. Considerable excitement was in evidence when Lally supporters heard the result and the fifty or more children who had gathered to celebrate the result, which ever way it went, were on hand with tin pans and horns and the works of all kinds.

The scenes which followed the preliminary excitement, an account of which appears in another column, placed a damper on the good feeling which had existed during the day and disgusted citizens went home and to bed.

ANNUAL ENTERTAINMENT
The Presbyterian Sunday School will hold their annual entertainment on Monday evening, December 23rd. Friends of the children who wish to do so may place presents on the Christmas tree. A collection will be taken to defray expenses.

GAVE FAREWELL DINNER
A few local friends of Mr. George C. Partridge, former manager of the Park Hotel, tendered him a sumptuous dinner on Wednesday evening last. The dinner was an informal one and was given in honour of Mr. Partridge on his departure from town.

WILL BE HEARD TONIGHT
On information laid by Constable Webster, a prominent citizen will be given a hearing tonight at the police barracks on a charge of having used threatening language in the aftermath, which followed the election excitement on Monday evening. Several witnesses will be summoned.

Mabey & Wells Are Satisfied
Patrons of G.T.P.
Railway

The special trainload of stock, which was shipped through to Edmonton last week by Messrs. Mabey, Wells & Newport, was delivered in front of the Swift Canadian Co.'s warehouse just three hours and forty minutes after it left the station here, according to Mr. Lee Wells who had charge of the shipment. Engineer Hibbard with engine No. 1102 pulled the train and Conductor O. E. Moore was in charge.

After his return here, Mr. Wells, and his partner, Mr. Mabey, were loud in their praise of the G. T. P. for the remarkable run they had made. Especially did they express satisfaction for last year the same run was made in fifteen hours and the train consisted of but ten cars, while that made last week contained sixteen. The G. T. P. is deserving of great praise for handling this particular shipment in such a manner and in transporting the cattle to Edmonton in less time than the passenger train makes the run.

ON HAPPY MISSION
Mr. Mack Templeton left here on Monday for Winnipeg where he will figure in an interesting event shortly. After a brief honeymoon, Mr. Templeton will return here to reside in Gilt Edge. He was accompanied to Winnipeg by his mother, Mrs. J. F. Templeton.

WILL MOVE TO CALIFORNIA
Mr. and Mrs. D. W. Stouffer will leave next week for Santa Cruz, Cal., where they will reside in future. Mr. Stouffer recently purchased some fruit and poultry land in California from Mr. B. M. Carl, who in turn bought Mr. Stouffer's place at Greenshields.

THANKS!
TO MY FRIENDS
AND SUPPORTERS.

I cannot allow this opportunity to go by without expressing my hearty thanks to my supporters in the recent election and allow me to begin by giving the ladies, who so firmly stood by the ship until the last gun was fired, my thanks, for I feel that the contest in my behalf was strongly supported by their vote.

Not forgetting all supporters and workers in my behalf I thank you all for kind words and expressions as well as your support, and hope that the good feeling that has existed all the way through the campaign may continue, and that our new Mayor, Mr. Lally, may enjoy the support of all, as I promise him mine.

Yours Faithfully,
J. H. Dawson.

ENGINEER GETS PROMOTION

Mr. J. F. Moffatt, one of the pioneer railway engineers in this vicinity, has been given the position of Travelling Engineer between Biggar and Watrous and started in on his new duties Sunday. He is under Locomotive Foreman, J. Mooney.

ELECTION AFTERMATH IS DISGRACEFUL AFFAIR

Lally Supporters Abused Shamefully After Result was
Announced

OUTRAGEOUS SCENES
Harmony in Evidence During
the Entire
Day

The editor of this paper is not one who seeks redress through the courts, but he does think that every ratpayer of this town is entitled to exercise the God-granted privilege of free speech and at least to protect himself against and refute the infamous and notorious scandal which was passed shortly after the result of the poll was announced on Monday evening.

Throughout the whole day, no act of any kind marred the keenness of the contest. No hard feelings were in evidence and the election was, from all appearances, fought, won and lost on fair and square grounds. Both sides admitted that this was the case before the mayor-elect was elected. The majority of supporters and in fact almost every supporter of Mr. Dawson and Mr. Lally, who had taken any part in the day's excitement, said this when Ex-Councillor Lally was declared the winner. But a from certain quarters came criticisms and scandal and abuse so strong as to form a network of evidence for a suit for libel and defamation of character.

If such outrageous scenes are to follow as the aftermath of a friendly and clean contest, it is high time that elections were done away with. From a newspaper standpoint, the editor of this paper has no complaints to offer, except that he is entitled to a recognition of the principles he endeavors to maintain. From a personal point of view, it is only natural that strong objection should be taken to refute the notorious declarations which have been the shameful subject of discussion since Monday night. Instead of quietly admitting defeat, the individuals who supported the election were disgracefully abused and scandalized.

The gravity of the situation is one that should cause all proper minded citizens to pause and think for this is by no means the first instance where decent citizens have been victims of scandal. If personal grudges are entertained against those who win and have fought a clean fight in the open, we are confronted by the question as to whether or not election interest at anytime is worth the price of victory.

Neither the Mayor-elect or Mr. Dawson were in any way connected with the episode and have since expressed their regret that it took place, for such actions—they are not in accord with.

SUMMONED TO ONTARIO

Mr. C. W. Simpson, a well-known and very popular G. T. P. engineer, who has been located here for some time past, was called to his former home near Owen Sound, Ont. on Saturday last to be present at the bedside of his aged and dying mother.

Mr. J. F. Diefenbach, manager of the Wainwright Milling Co., has been out on the road getting orders for flour and expressing satisfaction with the volume of business he obtained.

TOWN BUSINESS BEING WOUND UP GRADUALLY

Anyone Having Business with
Council Should See to it
Before Dec. 20

The nature and volume of the business at last night's meeting of the council was such as to suggest that the year is drawing to a close at a rapid rate and that it is the desire of the present board to leave as little unfinished business as possible for the new council. The resignation of Council Lally was read and accepted. The official engagement of Police Constable Kenny was made and among other important matters the personal bond of Secretary Kenny for \$2,000 was accepted.

The question of licensing drays was brought up and it was decided to leave this over for final consideration at the next meeting. Chairman Crawford, of Public Works, reported a satisfactory settlement with John Manner for \$100 for work on rink tank. The Finance Committee, with a volume of other accounts, recommended that an itemized statement be obtained from the Wainwright Lumber Co. for \$2,000 worth of lumber used on town hall. All of these reports were adopted.

Council Snyder recommended that plank sidewalk be built between 3rd and 4th Avenue on Main St., to pass new theatre and that old sidewalk be removed. The report was adopted. Council Snyder reported on rink tickets and recommended that some reduction be made for those purchasing more than two tickets, in view of no family tickets being available. He asked the opinion of council before tickets were placed on sale. Council Snyder was not in favor of any reduction. The rink had cost \$12,000 and tickets were not too high. The privilege of family tickets had been abused last year. He was willing to abide by what the council saw fit to do. Council Crawford thought \$5 and \$10 too much and to large families would come too high, and that some reduction should be made for second, third and following tickets. Council Mills said season had been short and should have started six weeks ago and that some reduction should be made. The matter was left with rink committee.

Council Snyder reported that buffalo head for new town hall was available and that Supt. McTaggart had picked one from the herd. With the exception of a short whisker, the animal was a beauty. He was authorized to arrange with Supt. McTaggart for the head. The meeting was adjourned until Friday evening, Dec. 20th, when the final business for the year will be completed. Anyone having business with the council should put their request to the council before that date. A committee of the whole will be held on Friday night.

SUBSCRIBER ASKS WHAT "BUFFALO TOWN" SIGNIFIES

Favors Removal of Buffalo and
Land is as Good as
Anywhere

PETITION AUTHORITIES
Should Fight to Rid Town of
this Noticeable
Drawback

Evidence of the interest being taken in the removal of the buffalo from this point is shown in the following letter to the STAR, in which "Subscriber" upholds the stand being taken by this publication in an effort to eventually bring about the removal of the park to one of the mountain reserves. Interest in the agitation is herein shown to have outgrown that taken by local people, for as "Subscriber" states, larger newspapers are giving the issue considerable prominence. The letter is printed below.

"I note with considerable pride that you are starting an agitation with a view to free Wainwright of the buffalo and thereby open a tract of land, which, from personal knowledge, I claim is as good if not better than the best agricultural soil in the district. It is my opinion that the people of Wainwright should join in the agitation and if necessary circulate a large petition, asking for the removal of the buffalo from this town. This, to my way of thinking, would show the authorities at Ottawa that the animals are no longer desired.

"I have read with much interest recent letters in your paper, written by Mr. Kerr, of Kelowna, B. C., and I think that his arguments are perfectly sound and reasonable. The picture he draws by inferring that Wainwright will not show any greater growth than Banff, Laggan and other tourist towns is depressing to gaze upon but I consider that he is about right in what he says. Moreover, I think that his suggestion to the effect that the people of Wainwright should fight to rid themselves of this drawback is a good one.

"Wainwright has been known and advertised for the past four years as the 'Buffalo Town' and this locality has naturally been given great publicity. As a matter of fact what do people infer when they see this printed when Wainwright is spoken of? The majority of them think that buffaloes are the chief attraction and the town is noted for this one feature. If this is all the people wish as a drawing card for settlers, then I say keep the buffalo.

PRINC. MCLEAN STRUCK OBSTRUCTION ON SIDEWALK

Walked into Plank which Pro-
jected Out Over
Sidewalk

THREATENED ACTION
Face Badly Bruised and Bridge
Cartilage of Nose
Broken

While walking at his usual brisk pace down Third Avenue on Saturday evening last, Mr. W. J. McLean, principal of the local school, tumbled into a prop, which supported the front of the Wright building. The obstruction was a plank and was partly hanging over the sidewalk and in the darkness of the night, Mr. McLean did not see it. He struck the plank about his nose and cheek bone and was bleeding profusely when he entered the office of the Imperial Lumber Co. where his injuries were temporarily attended to.

It was discovered afterward that his nose had been fractured and although slightly was sufficient to cause considerable disfigurement of his face. After the affair had happened, Mr. McLean expressed himself in no uncertain manner and threatened to take action for damages.

Whether the town or the owner of the building was to blame in this case, it is clearly evident that obstructions of this kind should be protected in future by a light of some kind so that the town will not leave itself liable in case of accident.

LOTS OFFERED FOR SALE ON WHICH HOTEL MUST BE BUILT

Lots 1 to 5 Block 5 Being Adver-
tised for Sale with Stip-

Tenders for the purchase of lots 1 to 5, block 5 are advertised with this issue, these lots being those supposed to have been held by the Grand Trunk Pacific for the erection of a hotel. The conditions of purchase are that a hotel, costing not less than \$20,000, shall be erected within one year from the 1st of February next.

Such a move on the part of the G. T. P. Development Co. has been forecasted for some time and it is known that certain local people have endeavored to force sale of the property with a view to erecting a hotel in the near future. Tenders close on January 8th.

Inquest Brought Out Fact that
Child Had Breathed
After Birth

NAVEL CORD WAS CUT

Suspicion Rests on Woman who
is Now Awaiting
Trial

An appalling discovery was made on Thursday last, when the scavenger on cleaning out the cess pool at the Wainwright Hotel found a fully developed female child in the bottom of the enclosure. Nothing was done to remove the body of the child until Coroner Dr. Little who was at Irma at the time was summoned and, after compelling a jury, had it taken out. G. L. Hudson, W. E. Washburn, C. T. Lally, A. E. Mills, Thos. Bisson and Fred Small made up the jury and it was found that a post mortem examination was necessary. This was performed by Dr. Middlemass in the morning and his report heard at afternoon session.

The post mortem examination brought out the fact that the child had lived after being born and that the navel cord had been cut by a sharp instrument, and it was the opinion of Dr. Middlemass that the infant had bled to death. The chief point brought out was the fact that the child had breathed after being born.

Constable Webster immediately started working on the case and started for Doley to arrest a young woman who was suspected of having given birth to a child some few weeks ago. Constable Webster sustained an accident on the way to Doley and was compelled to come back to town and have his injuries attended to. In the meantime, Ex-Chief of Police Jack Lewis made the trip to Doley by auto and placed the young woman under arrest. She is at present waiting trial and it is expected that a preliminary hearing of the case will begin on Monday next.

Sincerely Yours,
C. T. Lally.

The Hard Luck of Mr. Nichol
Graham O. Nichol has been mentioned by the leading authorities of the United States as the greatest polo player in this country. If you do credit his pre-eminence in this national indoor sport, you may be reassured by sending queries to many gentlemen in Seattle, San Francisco, Indianapolis and Washington.

The peculiar feature of his ability is that he always wins.

One afternoon he came out of a club in Washington and gave some of his acquaintances the greatest shock of their lives. He looked dismal, dreary, and mournful. There was in his eyes a hunted look.

What's the matter, asked one of those whom he met.

I've had the biggest losing I ever had in my life, said Nichol gloomily.

How much did you lose?

Oh, he explained wearily, I only won five dollars and a half.

A well to do real estate owner went to a hardware store in his home town and asked the proprietor for a pound of nails.

The small package was made up and the price, a nickel, handed to the merchant.

The customer asked if the package could be sent to his home, which was in a distant part of the city.

The merchant assented, and calling an errand boy, handed him the parcel, with the nickel he had just received for it, and said:

Here, Johnny, take the nickel and take the parcel out.

What! said the customer. Are you going to give me the nickel to take the parcel out?

Why, certainly, said the merchant. I wouldn't think of asking him to walk so far.

Well, said the merchant, man, if you would as soon give me the five cents I will take it out myself.

Dorothy was so homesick at her party she cried. Blinded by the hostess's mother suggested that it would be better for her to go home.

Dorothy said she would like to but a few minutes later, upon answering a timid ring at the door, the hostess found Dorothy.

Well, Dorothy, I am glad to see you again. Did you decide to come back?

No, ma'am; I forgot to say I had such a nice time!

Put Your Head to the North
Experiments are now being conducted at Columbia University to prove the power of the compass needle when it is placed in the hands of a man who sleeps with his head pointing toward the North Magnetic Pole and their feet toward the South.

And how accurate the compass needle has been found to be.

I had a little test this morning in a peach orchard, and, picking up a compass from the grass, I held it to my ear.

That is, I said. You'll find it delicious.

Just the thing and shook her head.

No, she said, haughtily. Oh, no, I never touch 'em till they're canned.

President Hadley of Yale was told in a letter that it was a better thing to have written examinations of students instead of the oral ones, which were the custom of some years ago. He illustrated it thus:

Two gentlemen who were playing cards last night were overpowered by a third gentleman who was behind their chairs and interested themselves in the game.

One of the players asked a spectator to play the hand for him until he returned.

The spectator took the cards, whereupon the first player left the room. Pretty soon the second player followed the example of the first.

The two substitutes played for some time, but the third player was the winner.

When the two original players returned, the first player said: "I am sorry, but I have lost."

The second player said: "I am sorry, but I have lost."

GOLD DISCOVERED NEAR GRAND TRUNK PACIFIC

Edmonton, Alta., Dec. 11th.—Reports of the discovery of free milling gold-bearing ore and silver strikes have come to Edmonton from the north country and prospectors are rushing into the fields to stake claims. The latest gold strike was made near Kinsella, B.C. The report says that ore running as high as \$700 to the ton has been found in paying quantities a short distance from the Grand Trunk Pacific railroad. The silver discovery was made by an Indian while hunting 200 miles northwest of Fort Fraser. A. E. Haight, a local engineer, is negotiating with the Indian for the property, the exact location of which will not be divulged until the first payment is made on the claim. Mr. Haight has examined the samples brought to Edmonton and is fully satisfied as to the richness of the ore.

Mrs. J. L. Gerow and Miss E. Belcher, were visitors to Edmonton last week-end, returning here on Sunday.

STRAYED—On to the premises of William Fox, S. E. 14-46 6, red cow about 3 years old. No brands. Owner can have same by paying expenses. 10-12 William Fox.

ROOMS TO LET—Furnished rooms to let. Apply, Mrs. McIntyre, 5th Avenue 10-12

WILL YOU DO IT AGAIN?

I had a friend, I loaned him ten. I haven't seen my friend since then. Another one touched me for five; I doubt if he is still alive. Went on a note to help a third; he may be dead. I haven't heard. I guess it's true that in the end a fellow is his own best friend.

THE WISE MAN Does not buy his lumber on the basis of price only. He realizes that it is not so much what he pays, but what he gets for what he pays, that counts.

As one of our customers remarked the other day the first cost is not the last cost.

There are many "hooks" in the lumber business, we have none baited. In no other line, perhaps, do you rely so strongly on the honesty of the dealer.

Ask our customers what sort of treatment they get at this yard.
